

NAPA VALLEY BREWING COMPANY

The Calistoga Inn was first built in 1887, 22 years after the town's founder, Sam Brannan, bought property to build the "Saratoga of the Pacific." Over the years the Calistoga Inn survived the economic effects of the Depression, periods of neglect and five major wars. Then, in 1987, the new owners of the Inn branded Calistoga beer and established the Napa Valley Brewing Company, the first commercial brewery in Napa County since the end of prohibition in 1933.

The Inn has become an institution for both locals and tourists alike. It embodies the heart and soul of wine country with its casual atmosphere, friendly staff and attention to detail. Welcome to the Calistoga Inn and enjoy! the Napa Valley!

HOUSE BEERS

Wheat Ale ABV: 4.4%

An American style unfiltered light beer made from half barley and half wheat. This ale is lightly hopped with spicy American varieties for a refreshing lower alcohol offering. Pint 7

Calistoga Pilsner ABV: 4.8%

This light straw-colored toasty beer is brewed with German malts, ample amounts of Saaz hops and lagered for a full month to represent a traditional Czech style Pils. Pint 7

Red Ale ABV: 5.4%

Brewed with six malts, this amber-hued ale has subtle tones of caramel balanced with local, organic Cascade and Centennial hops which contribute a pleasant bitterness with notes of citrus in the flavor and aroma. Pint 7

OTHER BEVERAGES

Red Dragon Hard Apple Cider ABV: 6.0%

Aged in Pinot Grigio Barrels 6

Bitburger Drive (NA) 5

Pellegrino - Blood Orange Soda 5

Sodas & Ice Tea 3.75

CALISTOGA INNT-SHIRTS

Men's & Lady's sizes 20

SEASONAL BEERS

German Kölsch ABV: 4.6%

Born in Köln, this style of beer is one of the few ales still produced in Germany. It is light in color, alcohol, and hop bitterness, providing a refreshing and crisp flavor with a hint of effervescence in the finish lending to its drinkability. This is definitely a great beer to enjoy on a hot day if you plan on having more than one. Pint 7

Lotus Lager ABV: 4.0%

This Asian influenced lager is quite different from most beers. It has 60 pounds of Japanese short grain brown rice in the grain bill, lending a light body and mild toasty flavor. It was also brewed with jasmine flowers and a small amount of cardamom, both lending a pleasant spicy tea-like quality. This beer is great for paring with most foods. Pint 7

Calistoga I.P.A. ABV: 6.2%

This style of beer originated in England to be shipped to their troops in India. In order to survive the long arduous journey by boat, the beer needed to have more hops and higher alcohol content (both preservatives). This West Coast version has a distinct citrus and tropical fruit quality from some new hops grown in Yakima. Cheers! Pint 7

Dugan Oatmeal Stout ABV: 6.1%

A traditional English style ale with a dark, rich consistency. Brewed to celebrate the life of a dear friend and regular of the Calistoga Inn, its recipe includes a liberal amount of flaked oats giving it a sweet creamy finish and thick head. Pint 7

Brewmaster: Brad Smisloff
